February 3, 2017

Dear Counselor,

Enclosed is the information concerning the Peculiar Charitable Foundation Senior Scholarship for this year. The application is basically the same as previous years. The due date is **April 7, 2017 to return applications**, but you may set any date earlier for the students. Please keep in mind that the applicants must be planning to attend a *four-year institution*, not a two-year community college, as a full-time student. Also, the scholarship money (\$1000) will only be paid to the college, not to the student or his family

Please send in all the scholarship applications as you feel deserve our consideration. We hope to reach as many worthy students as possible, so send as many forms as you can get. Also, emphasize neatness and content to your applicants because it does make a difference, especially on the essay portion.

The Foundation had wonderful applicants last year and awarded 23 scholarships in Cass County in 2016 to high school seniors. We are looking forward to reviewing this year's applicants. When you send in your group, please include the date of your senior award assembly or graduation, whenever the students would be recognized for these scholarships. We will make every effort to notify you by May 5 or before, so that you can include the winners in any announcement at these events.

I will be glad to e-mail this application to you for distribution purposes. My e-mail address is included below as well as my phone number. **The application must still be submitted in paper form. Please send two (2) copies of each completed application along with the original.** If you have any questions, please contact me:

Mary Dobson
